

**Indian engineer in Kuwait released book on quality management in construction projects**  
Posted on 1/16/2011

Indian engineer in Kuwait, Dr. Abdul Razak Rumane, Consultant Engineer at SSH International, released his first ever book on quality management in construction projects, published by Taylor & Francis Group company CRC press, Florida, USA, under the patronage of H.E. Ambassador of India to State of Kuwait and in presence of prominent dignitaries and large number of audience representing different sectors of industry in a Book Release Function held at Gulf University for Science and Technology (GUST) Mishref.

The function started with singing of national anthems of both State of Kuwait and Republic of India. The function was inaugurated by H.E. Ambassador India to Kuwait Shri Ajai Kumar by lighting the lamp. Dr. Badiru, Engr Ahmed Almershed, Engr Adel Kharafi and many other dignitaries were present with him to mark the inauguration of function. Engr Fairoz Miller welcomed Ambassador of India to Kuwait, Dr. Adedeji Badiru - Representing CRC Press, Mrs. Badiru, Engr Ahmad Almershed - Undersecretary MSNA and Deputy Chairman of Voluntary Work Center, Engr Adel Kharafi - President - Elect - WFEO, Dr. Rana Al Fares - Director - KUCP, Engr Hasim El Rifaa, Chairman and MD OOC, Dr. Hasan Al Sanad, Prof Kuwait University, Hon. Guests from GUST, Dr. Zuhair Ashkanani from State Audit Bureau, Engr Nabeel from CGC, dignitaries from Govt. and Oil sector, consultants and contractors representatives, Engineers from different field and non engineering guests.

"I am very happy that an Indian engineer working in Kuwait came forward to produce a book of such caliber" HE Sri Ajai Malhotra said. Indian quality engineers are now getting world wide acceptance and they are playing a vital role in the development of the world. Releasing this book is an important milestone in promoting quality management in construction industry. Prof Adedeji B Badiru, Book series editor of CRC Press, USA Commended the professionalism of the author Mr. Rumane, which made the publisher to publish this book, he said. Although there are many books on construction management, this book stands head and shoulder above all the others, he said. Construction projects all over the world will benefit from this book and Dr Rumane is making
